# CSR AT THE HEART OF OUR COMPANY

## PACKAGING

All of Foodles packaging is either **compostable, recyclable, or reusable** to reduce environmental impact.

## ANTI-WASTE

Our behaviour learning technology **prevents waste before it happens**, by predicting consumption levels for each fridge.

## DELIVERY

All of our deliveries are made by **Foodles' own delivery team**, offering long-term employment to drivers.

## CHARITY

Additionally, all of the Foodles team take part in **solidarity days**, volunteering for partner charities.

Pending 2023

Certified

Corporation

# OUR ANTI-WASTE APPROACH

12%

waste in a  
Foodles canteen

vs.

29%

average level of waste in  
a traditional canteen

## PREVENT

Our algorithm enables us to adjust restocking of the fridges every day to reduce waste.

## REDUCE

Every Friday, all items are offered at half price to **prevent food waste** over the weekend.

## SHARE

Where possible, any unsold items are **redistributed to local charities** to help people in need.

## UPCYCLE

Food waste is used to produce **compost and biogas** for farmers.

# SOME OF OUR HAPPY CUSTOMERS

Foodles represents the canteen of the future, the smart canteen. It brings together all of our employees. It's a real source of harmony."

*Marie Simonian, Workplace Experience Manager* 

"We are delighted to see an improvement in our employees' satisfaction."

*Nathalie Guibert, Human Resources Manager, Hotel Byblos* 

"Foodles allows our employees to connect."

*Herve Wallerand, Group Head of Real Estate and Security*  ODDO BHF
