Live Greener

CHIC, STYLISH & DYNAMIC

Funky Yukka is a contemporary and dynamic plant display company with a team that are waiting to make your working environment just that little bit more special. We are based throughout the country and cater for companies who want a no-hassle interior landscaping solution alongside the 'live greener' benefits.

Funky Yukka will create plant designs that are chic, stylish and trouble-free.

We specialise in plants and have dedicated suppliers who will deliver exactly what we need.

We have an established reputation, in fact we have over 30 years experience, in creating elegant, modern classic plants displays throughout the UK. We also have the option of a team that will stay with you to nurture and care for the displays we install - meaning that you don't have to!

No-hassle interior landscaping solutions

LIVE GREENER

Adding plants to a working environment makes it much more pleasurable, healthy and certainly more welcoming as you approach through the doors or walk into the interior.

IMPROVE PERFORMANCE

Indoor plants do not only look and smell nice, they could save your life, claim scientists from research by the World Health Organisation. Adding these plants to indoor spaces can reduce stress, increase performance at work and reduce symptoms of ill health.

THE FACTS

Houseplants can reduce symptoms of Sick Building Syndrome by a quarter, and the results have been found to be long-lasting.

The Agricultural University in Oslo, Norway

People working indoors with houseplants in their line of vision do tasks a staggering 12% faster and are able to concentrate better than people who don't have plants in the room.

Washington State University

Plants make you happy! When houseplants are placed in a room, people's blood pressure becomes significantly lower, and they find tasks less stressful.

University of Nevada, Cooperative Extension

CONTAINERS

Creating a warm and relaxing working environment isn't just about choosing the right plants for the right part of the office or ensuring they're located in the right places. It's as much about making sure they're displayed in appropriate containers, too.

DISPLAYS

We pride ourselves on helping businesses to create beautiful, calm workplaces that fit the tone of their business. What's more, our displays are trouble free, leaving you free to get on with your job.

The right atmosphere in which to do great work!

OUTDOOR FURNITURE

Are you looking for inspiration for your extended space outside? Do you have an idea, a plan or maybe just a vague notion of how to increase your space and create a little natural haven? Maybe you'd like a container garden design, a relaxing roof top oasis, a stylish courtyard, an inviting and compelling entrance or perhaps an "I must sit here" seating area? Is this you? Then look no further than Funky Yukka.

Make your garden space a truly inviting retreat or your entrance way a beautiful sight to behold.

At Funky Yukka we have all the right landscaping ideas and gardening combinations to make your garden space a truly inviting retreat or your entrance way a beautiful sight to behold. Our team offers a full design service which includes specifications, drawings, planting plans through to maintenance packages and quote.

Create a hotspot for relaxing and enjoying the city skyline or a private area to enjoy a spot of dining.

INTERIOR LANDSCAPING

Our stylish range of interior plant displays is here to inspire you! Offices, schools and public areas can often feel dull and lifeless, but when you add some Funky Yukka plants an instant feel-good factor appears in and around your space. Alongside the environmentally-friendly appeal that naturally comes too, you can simply think "drab to fab" in just a few easy steps.

One of the first things you notice when you step into a building.

OFFICE PLANTS

We offer a fantastic range of planters from small desktop bowls to barrier screening and free standing towers. We source the highest quality tropical plants and flowers creating beautiful results.

Each planting scheme we offer is as individual as your office. We'll work within your budgets to put together the best possible package to suit your needs.

ARTIFICIAL PLANTS

Even just having the sight of plants around the workplace can help workers feel inspired and clients feel relaxed. At Funky Yukka we supply and install a wide range of artificial plants, trees, bamboo, box hedging and palms, which will help to create the right mood in and around your place of work.

Whether its small items such as the artificial Buxus Ball tree, or larger plants such as our artificial Spiral Topiary plant, the wide range of artificial products we have can help put the finishing touches to any kind of workplace.

DESIGN

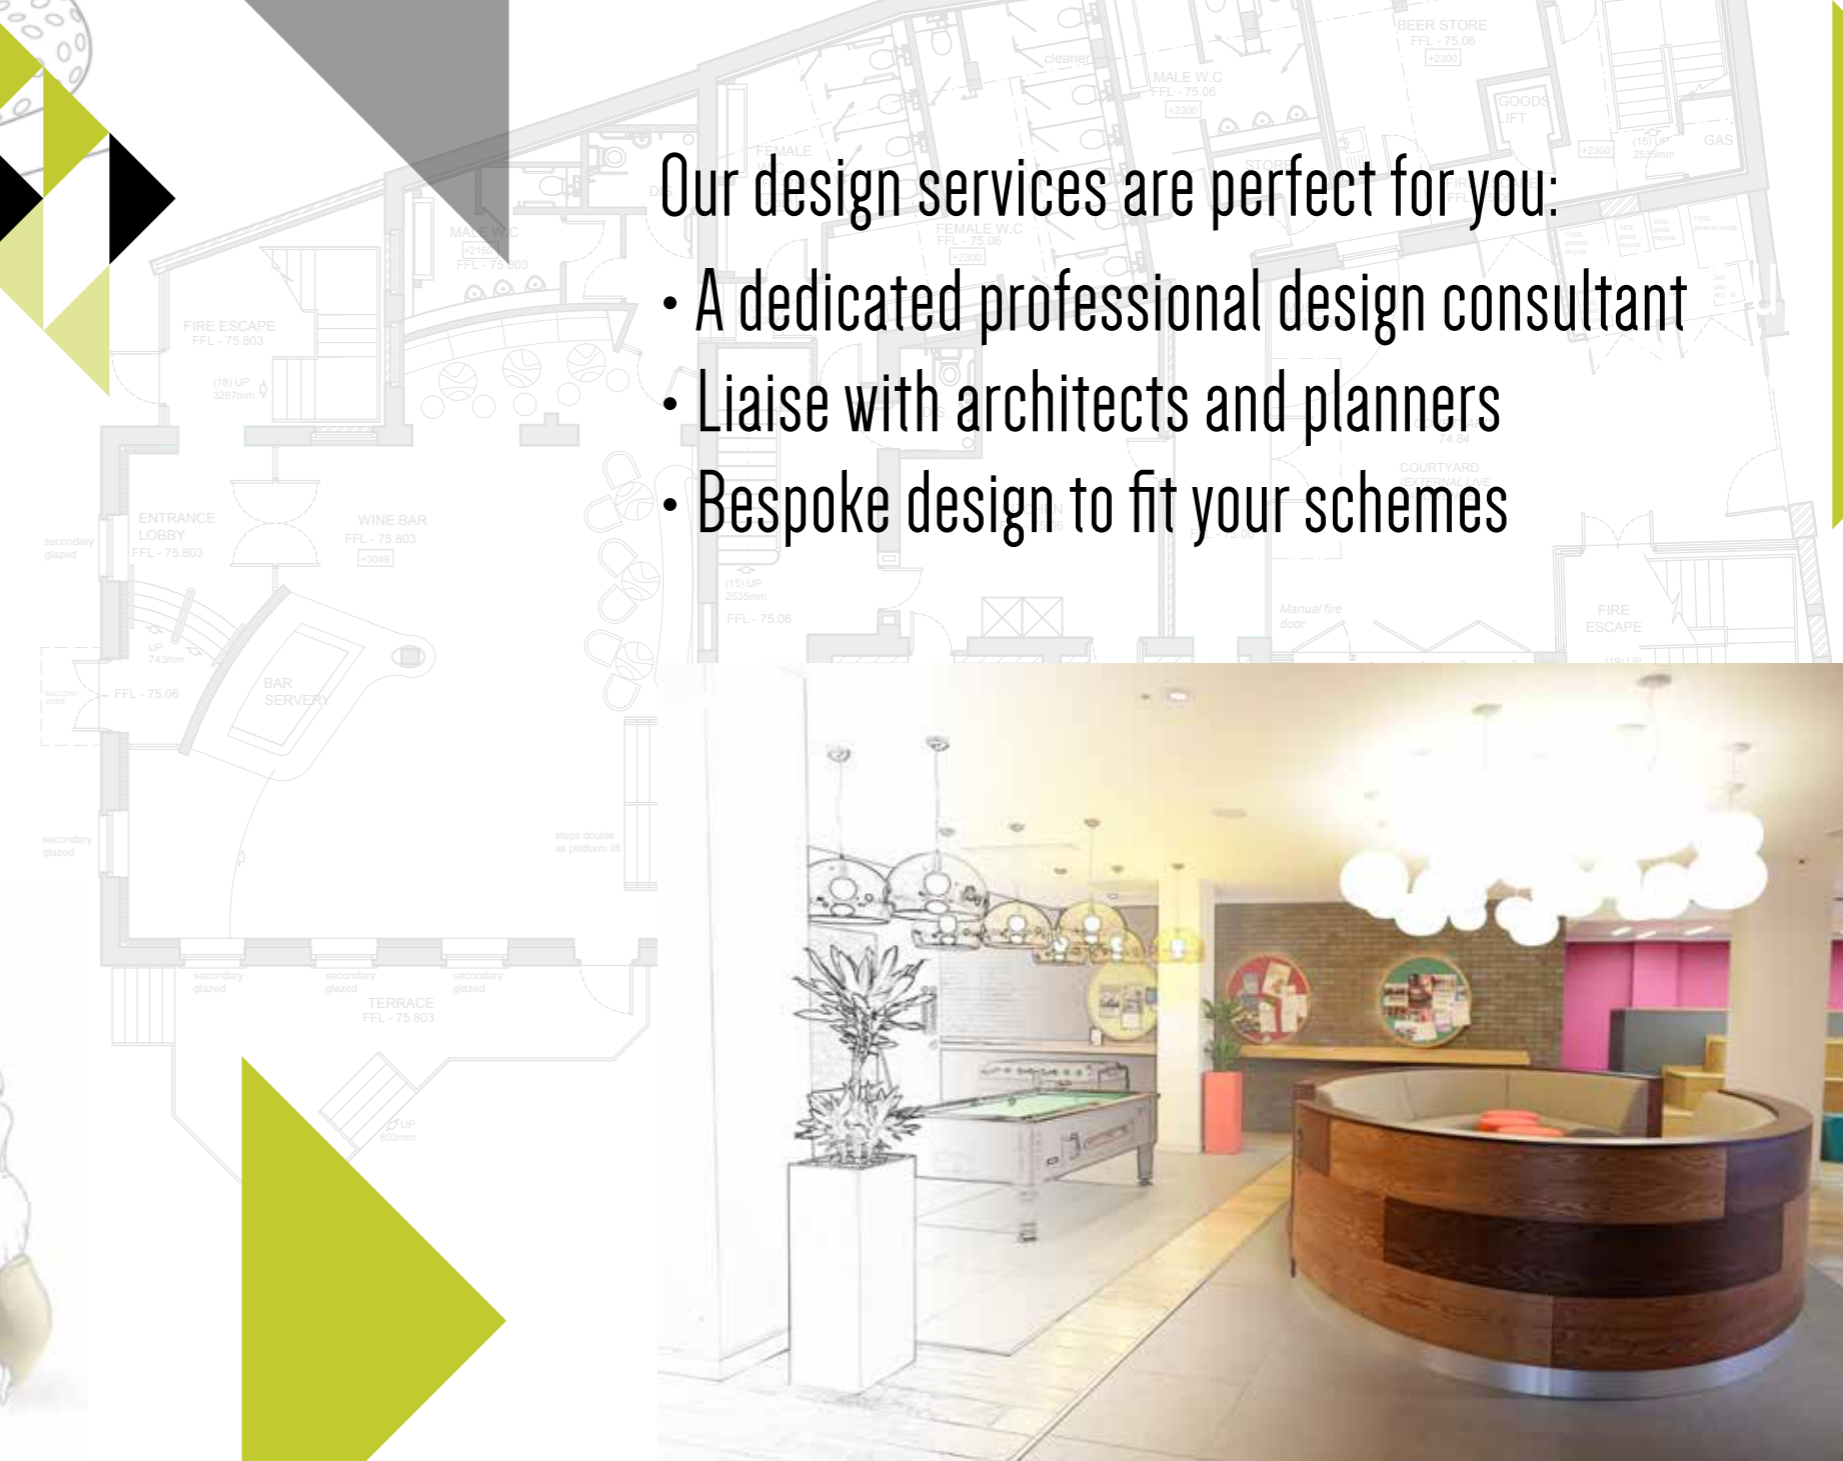

Design is the key to success whether you are looking to enliven an office, school, retail or commercial environment or even bring dramatic impact to your event. Our plant displays are sure to liven up any interior or exterior space.

So whether you are an established business, a company setting up for the first time or looking for an interior refresh or an event client... our design services are perfect for you. We will dedicate a professional design consultant to work with you on your project and to visit the site architect, office manager, personal designer or event planner for the perfect interior or exterior landscaping plan.

Together, or on our own if you prefer, we will choose containers, plants and added extras to complete your overall design. We will also select plants dependent on your lighting, traffic flow, space and proposed or established interior design scheme.

Our design services are perfect for you:

- A dedicated professional design consultant
- Liaise with architects and planners
- Bespoke design to fit your schemes

MAINTENANCE

Match your display with the care and attention it deserves. Opt for our hassle-free maintenance package and you'll see our Funky Yukka team visiting your site to keep your plants looking stunning.

It's simple; we will visit the displays on-site and water, clip, prune, feed and check soil consistency to ensure you don't have to lift a finger! We have fully trained technicians in our team, who are ISO quality (the best) and who have all the knowledge and expertise you could ever need. The team will discreetly visit your premises every two weeks or as you and the plants demand! All we ask is that we have access to your premises and that the plants are kept in suitable lighting... but guess what? We can advise on that too.

It's simple -
you don't
have to
lift a
finger!

CHRISTMAS

Our sparkling range of decorated Christmas trees is here to inspire you with the option of the most gorgeous artificial or real xmas tree that looks good as soon as it arrives. We love Christmas, all those stocking fillers, advent calendars and luxurious mince pies, but we do understand that not everyone does.

So, if you're hard-pressed for time or a little bah-humbug, look no further...we will create your perfect Christmas tree. Simply opt for one of our stylish designs or look to compliment your office or corporate theme with a personalised option such as a colour scheme to match a corporate livery, or incorporating your company name or logo into the display.

And, you'll be pleased to know we can remove that tangled-wire and fingers-crossed feeling that you get when you first find and switch on the tree lights. We will ensure our white lights work first time and because they are all professionally safety checked you can rest in the knowledge of a safe and happy Christmas.

Our trees are available in a wide-variety of sizes from 5 to 15ft in height; this applies to both the live and artificial Christmas tree rentals. If you have requirements for larger sizes or greater number of trees please contact us today.

TESTIMONIALS

Our clients depend on us to come up with stylish solutions to their interior and exterior space dilemmas; we are like the space doctors! They expect the highest level of design, product, service, aftercare and we certainly deliver. BUT, don't just take our word for it, here's what some of our clients say...

Using Funky Yukka was the correct choice...

Funky Yukka provided a range of exciting and different solutions for us to choose from. We found their proposals clear and very comprehensive with a great range of options. Each display is perfectly suited to our offices and the plants create such a great focal point. It's great knowing that if there were any issues with the plants I have the right people on my side to sort out any problems.

Terrie Barnes - Graphic Design Studio Manager

We will certainly be using Funky Yukka again...

Funky Yukka supplied us with flowers and plants for our Goodwood Festival of Speed stand. As a sponsor/manufacturer stand it was important that the flowers looked perfect and matched the brand's corporate identity. The team at Funky Yukka were very friendly and helpful in sourcing the plants. The plants arrived on time and, as promised, were in perfect show condition in the correct containers with the correct fillings! The service from end to end was faultless, with easy quoting, invoicing and updates.

Christina - Automotive Event Manager

Thanks for all your help...

Just to let you know the plants are now installed and look great!

- Hanson

I wanted to pass on my thanks...

The trees look fantastic and really set the plant area off. Please pass on my thanks to all your colleagues who worked on the installation.

- Mango
