

# Specialists in Hospitality and Leisure Cleaning

When your business depends on the environment you create for your customers, you need a partner you can trust. NSS Cleaning is the market leader in the window cleaning sector.

**Effective, reliable, and experienced enough to handle any portfolio.**

Contact us for window cleaning, sanitisation, graffiti removal, pressure washing and more.

## Services tailored to you

**Your customers' first impressions are vital and we appreciate the importance of a building that represents who you are.**

NSS understands the planning and flexibility it takes to work in and around your client areas, so a dedicated helpdesk is on hand to help with any queries.

We use the latest techniques and technology to ensure a quality finish, every time. Technology such as water-fed poles that achieve a spotless shine without the use of chemicals, and specialist machines that remove the most stubborn dirt, chewing gum and stains from your floors.

Whatever the size of your estate or the needs of your buildings, we'll communicate with you clearly before, during and after any scheduled or ad hoc work.

We'll also produce detailed proof of delivery reports, which include pictures, so you know exactly what's been done and how we did it. This promotes continuous improvement and helps us focus on exceeding KPIs.

## High-level specialists

**NSS are specialists in internal and external window cleaning and high-level cleaning.**

We have invested in access platforms and specialist equipment for all of our regional teams and operatives are fully trained to clean façades and canopies at any height in the safest way, meaning no window is out of reach.

We also offer sanitisation services that will improve the customer experience and give people confidence to keep coming back. Our dedicated SafeTOUCH service uses eco-friendly technology to kill 99.9% of bacteria and viruses, keeping your clients and staff safe without damaging surfaces or flooring.

## What should you expect when you contact NSS?

**NSS Cleaning has the infrastructure and expertise to offer national support using local teams.**

Our directly employed, full-time specialists are equipped to service buildings of all shapes and sizes, so you can expect:

- A detailed survey and free, no-obligation site visit
- 24-hour response service and support anywhere in mainland UK
- Visits from skilled staff with full IPAF, PASMA, IRATA and UKPIA qualifications
- Our own state-of-the-art equipment, with no need to wait for hired machines
- Expertise in the full range of cleaning styles and specialisms
- Specifications and frequencies tailored to your building and your needs
- Detailed post-works reports, with pictures, following all reactive and planned work
- Robust risk assessments and compliance with all relevant regulations.
